Arriving by car

Leave the motorway A5 at the exit "Langen/Mörfelden". Drive along the B486 in the direction of "Langen/Egelsbach". Shortly before you reach Langen, the road widens to include two lanes for each direction. Get into the left lane and drive past the exit "Langen Stadtmitte" in a left-hand bend. Leave the B486 after approximately 400 meters and follow the sign "Flugsicherung/ATC". Turn right immediately before the beginning of the 30 km/h speed zone into the cul-de-sac of Paul-Ehrlich-Straße, which directly leads to the Air Navigation Services Park.

From the motorway A3 take the A661 at the "Offenbacher Kreuz" (Offenbach junction) in the direction of Darmstadt and leave the motorway at the exit "Langen". Drive in the right track of the exit lane and then turn right. "Flugsicherung/ATC" is signposted at the exit lane. Then get into the left lane which leads straight on. After you have crossed the railway tracks on a high bridge (after approximately three kilometres), leave the B486. Keep on following the sign "Flugsicherung/ATC" and turn right immediately before the beginning of the 30 km/h speed zone into the cul-de-sac of Paul-Ehrlich-Straße, which directly leads to the Air Navigation Services Park. At the entrance of the Air Navigation Services Park, you will find a short-term car park and an entrance lodge. You will receive further information there about where to park your vehicle.

Arriving by train and bus

Langen railway station is situated along the railway line Frankfurt – Darmstadt – Heidelberg, where all "Regionalexpress (RE)" trains on the Frankfurt – Heidelberg line stop. Trains operate every hour. Travel time from Frankfurt central station (ground level): nine minutes; from Darmstadt central station: ten minutes. Take bus no. OF-72 from Langen station (leaves in front of the station) towards Neurott and get off the bus at "Bundesbauten". Or take commuter trains S3 or S4 to the next station "Langen-Flugsicherung". For further directions: see below.

Commuter train (S-Bahn)

Take one of the following commuter trains to Langen Flugsicherung station in order to reach the DFS Air Navigation Services Park: S3 (Bad Soden – Frankfurt central station (Hbf) – Langen – Darmstadt), S4 (Kronberg – Frankfurt central station (Hbf) – Langen). Travel time from Frankfurt central station (underground): 23 minutes. Take the S3 or S4 commuter train to "Langen Flugsicherung" station. The DFS Campus is at five minutes' walking distance from this station. For further directions: see below.

From Frankfurt Airport

Take the S8 or S9 commuter train to Frankfurt central station (travel time: 10 minutes) and change to the S3 or S4 to "Langen-Flugsicherung".

Or you can take bus no. OF-64 which leaves in front of Terminal 1 to the train station "Dreieich-Buchsschlag". From there, take the S3 or S4 commuter train (in the direction of Darmstadt or Langen) and get off at the next station "Langen-Flugsicherung". Overall travel time: 27 minutes.

From Langen-Flugsicherung

After leaving the train station, cross Robert-Bosch-Straße and walk along Heinrich-Hertz-Straße. After 200 metres, you will see the new DFS Headquarters on your right-hand side. Upon arrival, please report to the staff at the reception who will be pleased to help you.
