

IFATSEA Africa Region Communiqué

20 June 2026

16th IFATSEA Africa Region Meeting – VENUE CHANGE

The Professional Association of Engineering for the Safety of Air Traffic Systems (AATA), organiser of the **16th IFATSEA Africa Region Meeting 2026**, together with the International Federation of Air Traffic Safety Electronics Associations (IFATSEA) Africa Region, convener of the meeting, wish to inform all affiliates and stakeholders of a change in the meeting venue.

The meeting, scheduled for 23 to 26 June 2026, will no longer be held at **Hotel Diamante**, as previously communicated. The new venue for the meeting is **Instituto Sapiens**.

The circumstances beyond the control of the organiser and convener have necessitated this change. All other arrangements, including the meeting dates and programme, remain unchanged.

Affiliates are kindly requested to take note of this update and adjust their travel and logistical arrangements accordingly. It is anticipated that the impact on logistics will be minimal, as the new venue is located less than one kilometre from the original venue. Every effort is being made to mitigate any inconvenience this change may cause.

Further details regarding directions and on-site logistics at Instituto Sapiens will be communicated in due course.
